Git , GitHub

Core Competencies

Software Development Life Cycle

Restful API

Debugging

Performance Optimization

System Scalability

Personal Details

Date of Birth: 27th Aug 2000
Languages Known: English and Hindi
Address: Jabalpur, Madhya Pradesh

Profile Summary

o **Results-Driven Frontend Developer**: Expertise in HTML, CSS, JavaScript, and React.js, with a focus on creating responsive and user-centric web applications.
o **Specialist in Modern Frameworks**: Proficient in integrating APIs and utilizing advanced frameworks such as Redux Toolkit, Bootstrap, and Material UI to enhance functionality and user experience.
o **Cross-Platform Development**: Demonstrated expertise in developing mobile applications using React Native, Xamarin, and .NET MAUI, ensuring seamless performance across devices.
o **Full Development Lifecycle Involvement**: Proven ability to contribute effectively to all phases of the development process, from initial conceptualization to deployment and monitoring.
o **Continuous Learning & Innovation**: Committed to delivering high-quality digital solutions by staying updated with the latest industry trends and incorporating innovative practices.
o **Educational & Certification Background**: Holds a Bachelor's degree in Computer Science, complemented by certifications in software development and graphic design, reinforcing a solid foundation in both technical and creative aspects.

Work Experience

Junior Software Developer
TARITAS, Jabalpur   **Nov 2022 – Jul 2023**

Responsibilities:
o Developed responsive web apps and integrated APIs using Swagger; streamlined cross-platform development with Xamarin, .NET, and .NET MAUI.

Achievements:
o Enhanced app functionality and reduced software bugs through effective API integration and code reviews.

Associate Software Engineer
QUARKIFI, Bangalore   **Jan 2024 – Jul 2024**

Responsibilities:
o Developed and maintained web applications using HTML, CSS, JavaScript, and React.js; ensured smooth deployment and monitoring, and integrated RESTful APIs for enhanced functionality.

Achievements:
o Significantly improved user experience and application performance; optimized system operations and enhanced application functionality through effective API integration and continuous monitoring.
